

Welcome to Highfield Primary School Nursery.

This is the gate that you will come through to get into the Nursery garden.

Here is the outside door to get inside Nursery.

Sometimes we have playdough to explore.

This is our home corner. We change this area into different role-play scenarios throughout the year.

We love to read in Nursery, and we have a display of special books each week.

Here is our writing area and story corner.

Our sensory area has a tent and lots of toys to explore with our hands, eyes, ears and noses.

We use our creative area for drawing, writing, painting, printing, cutting, sticking and many other fun messy activities.

We can explore inside and outside using different resources.

We do cooking activities every week in our separate kitchen.

Before we cook or have snack we always wash our hands in Nursery's own bathroom.

This is our carpet area where we do phonics, literacy, maths, rhyme time, story time, register, circle time, movement break and other group and whole class activities.

Our outside garden is always very popular.
